HOSPITAL AUTHORITIES DENY ROBBERY STORY

Directors at Casualty Hospital Make Investigation and **Exonerate Employes.**

After the adjournment of a meeting of the board of directors of Casualty Hospital last night it was denied that G. J. Saeger, who claimed to have lost \$30 in the institution last Monday, had that much money with him when he was taken in. Mr. Saeger made the charge that he was robbed while in the hospital. He said he had \$34.85 when he was taken to the hospital unconscious, and that when he left the institution he was handed his

The board of directors made a vigorous investigation of the charge, and heard the stories of every one connected with s case. It was learned that Saeger had been unconscious in a poolroom for some time before being taken to
the hospital, and that he could not positively state that the money was in his
pockets when he entered the institution.

The loss of a ring by J. W. Holland, another patient, is receiving attention from the hospital authorities, who have placed the matter with the police. Because of these complaints a strict rule for searching patients in the presence of witnesses was adopted at the meeting last night.

UP-TO-DATE INSTRUCTION.

Supt. Davidson Talks to School Principals.

Principals of the public chools of the District, especially members of the Principals' Association, are starting today to prepare papers and subjects for discussion during the school year, following a talk to the association by Dr. Davidson, superintendent of schools, in the Franklin School yesterday after- Its noon. Dr. Davidson talked to the principals on the importance of an education that would meet the demands of the present day, and it is undoubtedly true that there will be some elimination in the courses of study in the near future. The trend of education is to get away from useless arbitary matters, and that course will be pursued in the future in Washington, as it has

In his talk yesterday Dr. Davidson brought to the attention of the principals a trio. which he called the hree I's," namely, information, illumination and inspiration. He remarked that education is a thing of two di-mensions, the length being the course of study and the width being the breadth of the teachers' abilities. Charles A. Johnson was elected sec-retary to fill the position made vacant by the death of Mrs. Mary Walker.

Study of Auxiliary Language.

The Washington International Society auxiliary language, Ido, met Monday evening for the first meeting of its second season at the home of Tamura Hilworth, 1414 15th street northwest. The following officers were elected for the international secretary of the High Bridge Taxpayers' Alliance of New York, dated June 13 last, and dealing with the subject of water meters. The letter had been sent to Mr. King at his request by Mayor following officers were elected for the secretary of the High Bridge Taxpayworth, 1414 15th street northwest. The following officers were elected for the ensuing year: President, L. W. Easter-brook; vice president, I. L. Williamson, and secretary-treasurer, Mrs. Edna

Brookland Brotherhood Election. C. F. Tansill was elected president of

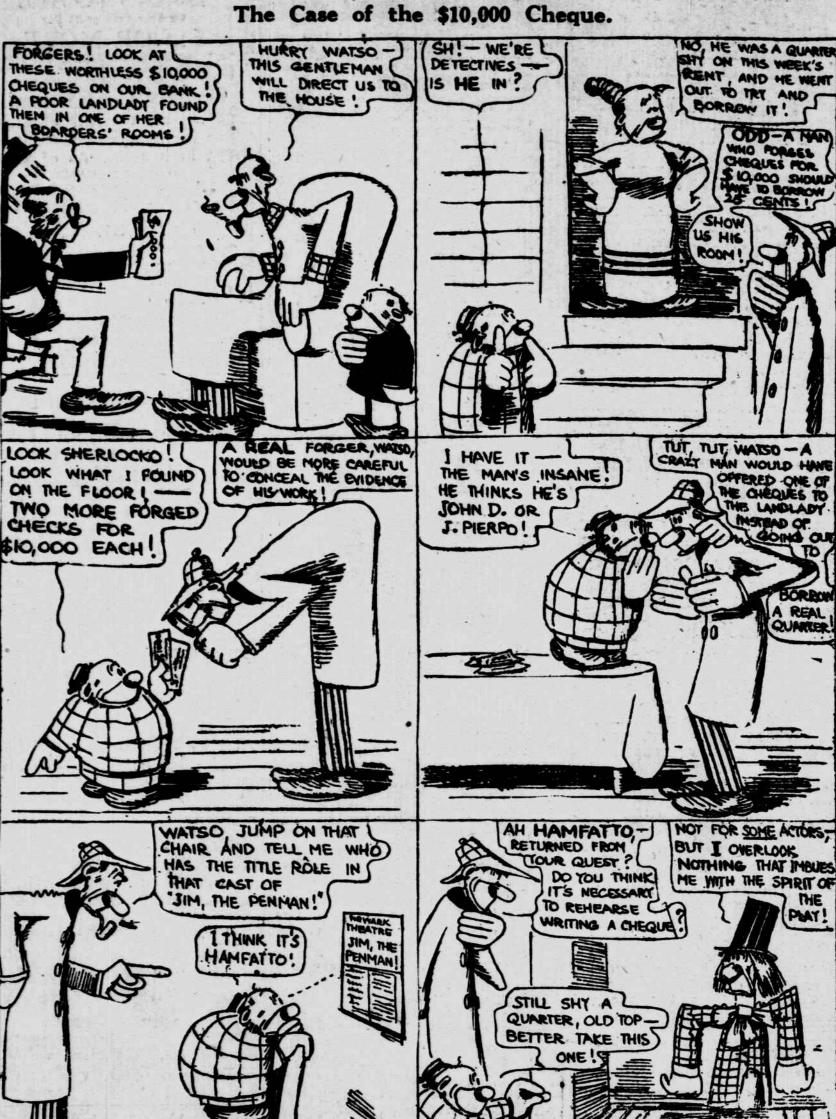

the Brookland Brotherhood at the annual plan to increase water rates and install meeting of that organization, held last evening in the Brookland Baptist Church. E. C. Saltzman was chosen vice presi-dent; Fred Barnes, secretary, and Louis Melius, treasurer. Twenty-four new members were enrolled.

How to Treat Pimples and

POWER BOAT CENSUS

About 600 Believed to Be in Dis trict Waters.

engaged for several weeks past in making a census of the power boats, used for pleasure purposes, that are owned here and have their headquarters in District waters. So far a list of 473 boats has been obtained, but it is thought this will be added to and that the number will be found to be close to 600. They vary in size from the palatial power yacht, sons aboard, to the little ten-foot rowboat that will carry but two persons with comfort. The growth in the number power-equipped pleasure craft owned at this city has been by leaps and bounds. Ten years ago the number of launches at this city could have been counted the fingers, but with the improvement the gasoline engine and its decrease in cost the installing of it in pleasure craft began, until today there are no small steam launches, and the pleasure craft that depend entirely upon wind and sails as motive power are very few. The har-bor at Georgetown and in the Eastern branch and at this city is filled with pleasure craft as thick as bees in mid-
